Javascript, HTML, CSS, Git, Bootstrap, Figma

PROJECTS

Calculator   December 2022
Javascript, HTML/CSS
- Recreated an online calculator that allows users to do simple calculations through a GUI.
- Implemented user experience and interaction design knowledge to create sleek and clean visuals for users to interact with.

Etch-A-Sketch   November 2022
Javascript, HTML/CSS
- Built and released a responsive web app using Javascript, allowing users to change the size of the game's grid.
- Implemented features to allow the user to change color of the pen such as black, rainbow, and erase.

Rock Paper Scissors   October 2022
Javascript, HTML/CSS
- Utilized Git to manage version control and implemented commands such as init, add, commit, push, merge, branch, and checkout.
- Developed a web app that allows users to interact with the computer as its opponent for multiple rounds.
